

Quality Manager

(Ref:HGW241)

Salary: £48,000 neg. basic with bonus, pension & healthcare

Location: Milton Park, near Abingdon, Oxfordshire

Are you gold standard?

Established in Germany in 1969, the LTi Group is recognised as expert in precision metal forming and welding of components for many types of products. It prides itself in finding innovative solutions to customers' challenges where quality always takes priority. LTi Metaltech, based at Abingdon, currently specialises in the fabrication of cryogenic pressure vessels for use in MRI scanners for a key customer, Siemens. These high tech processes and techniques lend themselves extremely well to other applications so the company is actively expanding its customer base, developing new offerings for use in other areas.

LTi Metaltech is to appoint a Quality Manager who will provide clear direction for the quality function and will focus not only on the manufacturing processes but all areas of the business. You will be responsible for both maintaining existing quality accreditations and achieving new standards, systematically improving current processes and procedures. Additionally, you will work in collaboration with the manufacturing team in the development of innovative new products using cutting-edge technology. The Quality Manager will play a pivotal role in enhancing working relationships with existing customers and in establishing relationships with new customers so high levels of commercial awareness and professional gravitas will be vital to your success. This post requires someone of graduate calibre from a technical, materials or engineering discipline with significant experience in a manufacturing/engineering environment. A proven track record of bringing about change in a Quality role will also be highly relevant. The position includes line management responsibility and a natural coaching style will fit well with the company ethos.

Ideal skills and qualities for this Quality Manager role will be:

- **Standard setter**
- **Takes responsibility**
- **Influential**
- **High personal credibility**
- **Excellent communicator**
- **Pro-active**
- **Astute relationship manager**
- **Customer champion!**
